

Learning The Table Of Number 2

Write the complete table of number 2.

$2 \times 1 = \underline{\quad 2 \quad}$

$2 \times 2 = \underline{\hspace{2cm}}$

$2 \times 3 = \underline{\hspace{2cm}}$

$2 \times 4 = \underline{\hspace{2cm}}$

$2 \times 5 = \underline{\hspace{2cm}}$

$2 \times 6 = \underline{\hspace{2cm}}$

$2 \times 7 = \underline{\hspace{2cm}}$

$2 \times 8 = \underline{\hspace{2cm}}$

$2 \times 9 = \underline{\hspace{2cm}}$

$2 \times 10 = \underline{\hspace{2cm}}$

$2 \times 11 = \underline{\hspace{2cm}}$

$2 \times 12 = \underline{\hspace{2cm}}$

Multiply the numbers given in the middle circle with number 2 and write the correct answer in the space provided in the outer circle. One question is solved as an example for you.
