

# Times Tables: #3

Help little Joey finish writing the times table of number 3. Write the correct answers in by filling the empty blanks.

$3 \times 1 = \underline{\quad 3 \quad}$

$3 \times 2 = \underline{\hspace{2cm}}$

$3 \times 3 = \underline{\hspace{2cm}}$

$3 \times 4 = \underline{\hspace{2cm}}$

$3 \times 5 = \underline{\hspace{2cm}}$

$3 \times 6 = \underline{\hspace{2cm}}$

$3 \times 7 = \underline{\hspace{2cm}}$

$3 \times 8 = \underline{\hspace{2cm}}$

$3 \times 9 = \underline{\hspace{2cm}}$

$3 \times 10 = \underline{\hspace{2cm}}$

$3 \times 11 = \underline{\hspace{2cm}}$

$3 \times 12 = \underline{\hspace{2cm}}$

Multiply the numbers given in the middle circle with number 2 and write the correct answer in the space provided in the outer circle. One question is solved as an example for you.

$3 \times \underline{3} = 9$

$3 \times \underline{\hspace{1cm}} = 15$

$3 \times \underline{\hspace{1cm}} = 21$

$3 \times \underline{\hspace{1cm}} = 30$

$3 \times \underline{\hspace{1cm}} = 3$

$3 \times \underline{\hspace{1cm}} = 0$

$3 \times \underline{\hspace{1cm}} = 3$

$3 \times \underline{\hspace{1cm}} = 6$
