

# Times Tables: #4

Write the correct answers in the following table.

$4 \times 1 = \underline{4}$

$4 \times 2 = \underline{\hspace{2cm}}$

$4 \times 3 = \underline{\hspace{2cm}}$

$4 \times 4 = \underline{\hspace{2cm}}$

$4 \times 5 = \underline{\hspace{2cm}}$

$4 \times 6 = \underline{\hspace{2cm}}$

$4 \times 7 = \underline{\hspace{2cm}}$

$4 \times 8 = \underline{\hspace{2cm}}$

$4 \times 9 = \underline{\hspace{2cm}}$

$4 \times 10 = \underline{\hspace{2cm}}$

$4 \times 11 = \underline{\hspace{2cm}}$

$4 \times 12 = \underline{\hspace{2cm}}$

Fill the empty spaces in the wheel with correct answers. One is solved as an example for you.
