

# Learning Volume In Measuring Cups

In the following images, color the measuring cup up to the level indicated under the image. The first one is solved as an example for you.

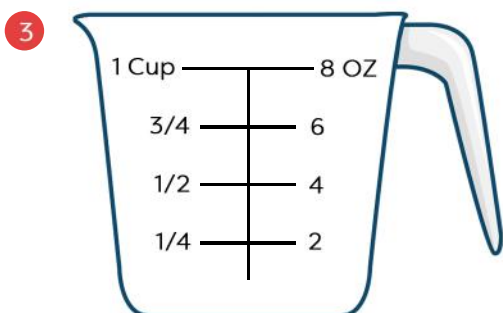

## Activity 1

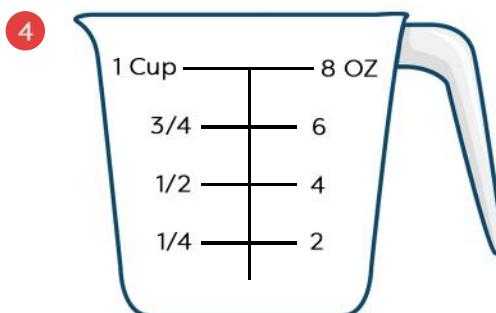

**3/4<sup>th</sup> Cup**

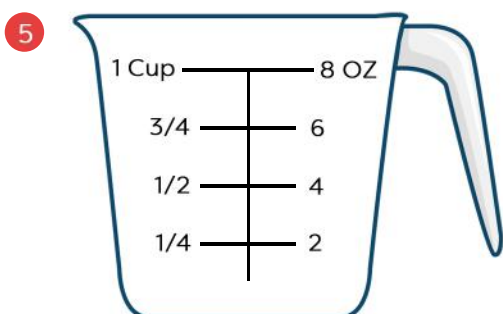

**1 Cup**

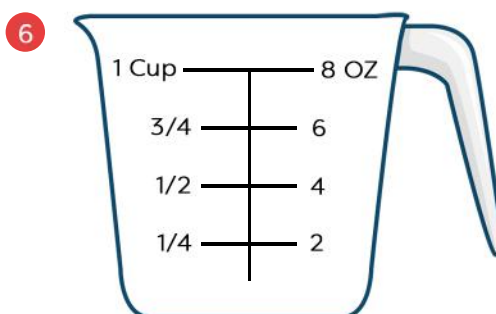

**4 OZ**

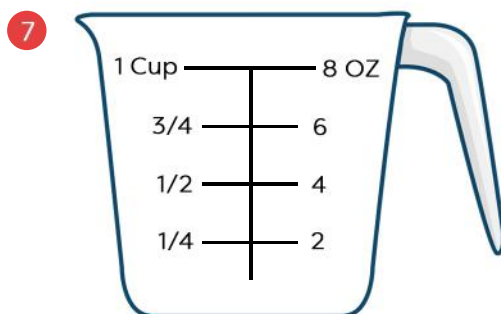

**1/2 Cup**

**1/4 Cup**

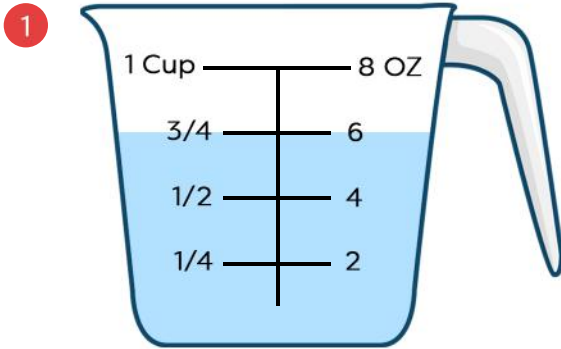

**8 OZ**

**6 OZ**

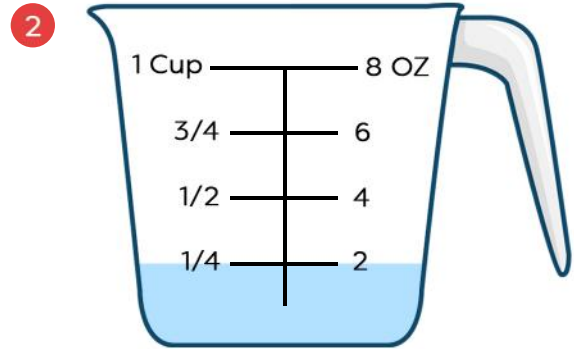

Write the quantity in each cup, in oz as well as cups, under each image. We have solved the first one as an illustration for you.

### Activity 2

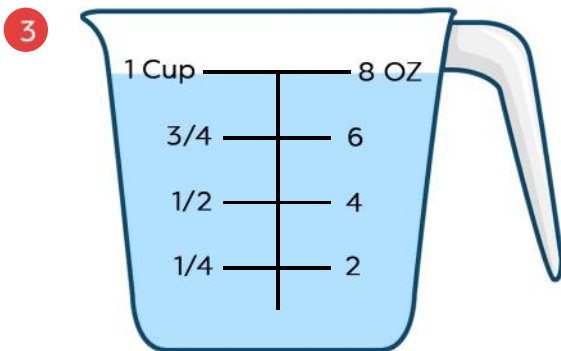

3/4<sup>th</sup> Cup

6 OZ

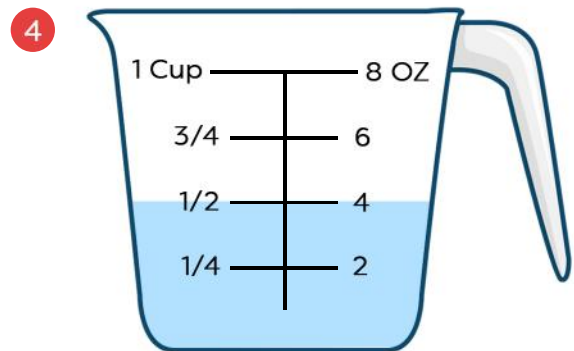

                     Cup

                     OZ

                     Cup

                     OZ

                     Cup

                     OZ
