

Learning The Table Of Number 9

Write the correct answers in the following table.

$9 \times 1 = \underline{9}$

$9 \times 2 = \underline{\hspace{2cm}}$

$9 \times 3 = \underline{\hspace{2cm}}$

$9 \times 4 = \underline{\hspace{2cm}}$

$9 \times 5 = \underline{\hspace{2cm}}$

$9 \times 6 = \underline{\hspace{2cm}}$

$9 \times 7 = \underline{\hspace{2cm}}$

$9 \times 8 = \underline{\hspace{2cm}}$

$9 \times 9 = \underline{\hspace{2cm}}$

$9 \times 10 = \underline{\hspace{2cm}}$

$9 \times 11 = \underline{\hspace{2cm}}$

$9 \times 12 = \underline{\hspace{2cm}}$

For the given word problems, provide the multiplication equation and the correct answer. The first one is done for you.

1. What is five times nine?

$9 \times 5 = 45$

2. What is three times nine?
-

3. What is seven times nine?
-

4. What is nine times nine?
-

5. What is twelve times nine?

6. What is two times nine?

7. What is four times nine?

8. What is eight times nine?

9. What is eleven times nine?

10. What is zero times nine?
