

Times Tables: 1 to 12

Multiply each number in the leftmost column with the numbers given in the top most row and fill the corresponding cell with the correct answer. Answers to some equations have been given as an example.

x	1	2	3	4	5	6	7	8	9	10	11	12
1					5							
2												
3							21					
4												
5		10										
6												
7							49					
8				32								
9												
10									90			
11												
12										120
