Introduction: Place Values

This table will help understand the relationship between the place and place value of any given digit in a number.

Thousands	Hundreds	Tens	Ones
●	● ● ● ● ● ● ●	● ● ● ● ● ● ● ●	● ●
1	7	8	2

In the above chart,

The number 1 is in the thousands place, and its value is 1000.
The number 7 is in the hundreds place and its value is 700
The number 8 is in the tens place and its value is 80
The number 2 is in the ones place and its value is 2

In the given problems, fill in the boxes with the correct digit based on its place value in the number. The first one is solved for your understanding.
