

# Tips For Buying Toddler Tables And Chairs

Opt for a table and chair made of safe material with burr-free edges. Ensure they meet ASTM standards

Select a height-adjustable table that can be used even as your child grows out of the toddlerhood stage

Choose a table with storage space to store your child's essentials, such as craft materials, pencils, and books, in one place

Pick chairs that slide inside the table effortlessly, allowing compact storage

Foldable tables and chairs can be of great benefit if you live in small spaces

Opt for tables and chairs that are easy to clean by simply wiping

Avoid lightweight tables, as they may easily tip over if your child accidentally tries to move them

Sets with bottom pegs or silicone legs can protect your hardwood floors from scratch
