

Tips For Buying Preschool Toys

Safety

Always choose age-appropriate, non-toxic toys free of sharp edges, small pieces, and parts that could break easily and become a choking hazard.

Variety

Pick toys with various colors, shapes, sizes, and textures to encourage learning and development.

Quality

Ensure the toy is safe, sturdy, and well-made for long-lasting use.

Stimulation

Choose toys that allow your child to interact, engage in creative play, and stimulate their senses

Building

Pick toys that encourage building, such as wooden or Lego blocks.

Portability

Consider choosing toys that are easy to carry and store to keep your child engaged while traveling.
