

# Piaget's Sensorimotor Stage Activities

ABC

## Object permanence

- ▶ Try a simple game of peek-a-boo.
- ▶ Children learn to realize that you hide behind the blanket.

## Tactile play

- ▶ Play a game of catch or color-mixing.
- ▶ It develops different sensations and stimulates motor skills and creativity.

## Books

- ▶ Introduce them to books with 3D images and scenes.
- ▶ It teaches them texture and shapes while introducing the world to them.

## Moving toys

- ▶ Make them play a game with a toy that moves and makes noise.
- ▶ Works on their attention, improves recognition, and exercises listening and hearing.
