

Must-Have Baby Apps For New Parents

White Noise Baby

The app uses white noise specifically meant for your baby.

Baby Tracker Nursing App

An excellent way to keep a log of your baby's breastfeeding schedule.

Baby Bundle App

It lets you keep track of all your baby's day-to-day activities.

Baby Feed Timer

The app is an excellent way to track when you last fed your baby and when the next feed is scheduled.

Instant Playdates

The app lets you arrange playdates with other mommies who have babies of similar age as yours.

Magic Sleep

The app helps to recreate sounds from the womb, which is soothing and comforting for your new baby.
