

Features To Look For In A Scalp Massager

Choose a textured massager to massage the acupuncture points.

Ensure the massager has varied speed options to control the intensity.

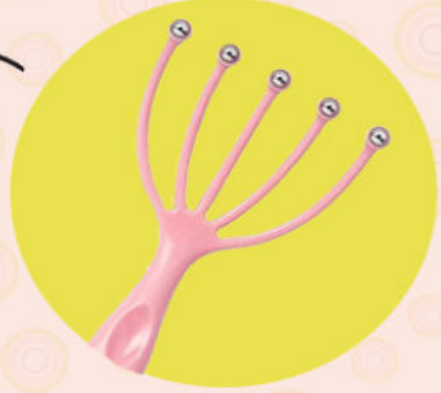

Look for the ones with compact and portable designs.

Look for a waterproof massager, if available within budget.

Prefer the ones with different attachments for versatility.

Prefer magnet-equipped massagers for hair growth.

Look for the ones with long bristles for deep hair massage.

Choose a non-electric massager if you intend to carry it while traveling.
