## On Buying RC Cars Under \$100 For Children

Pick age-appropriate cars for your child.

Look for cars with sturdy construction and tough materials to withstand rough play.

Choose cars that are easy to maneuver.

Look for the ones with decent battery life.

Prefer buying cars with a broad range of signals.

Look for the size of the car as per your child's interest.

Buy cars with water and heat-resistant parts.

Choose cars that are ready to run on arrival or can be assembled easily.
