

# Relationship Between INFJ And INTP Persons

## Reasons why the relationship may work

- They balance each other out by keeping each other rooted in reality and practical ways of life while maintaining the right amount of romance and sensitivity.
- They are both introverted and intuitive, so they like similar activities, and their conversations may often be deep.
- Their comprehensive strategic approach towards things keeps them one as a team.

## Challenges they may face

- They may be more involved in intellectual discussions and avoid emotional topics.
- INFJs are focused and more goal-oriented, whereas INTPs are more easygoing and go-with-the-flow people.
- Both have different lifestyles. Their opposite daily routines may sometimes create clashes.
