

Fun Crafts For Children

To Teach Them About *Dinosaurs*

Shape-A-Saurus

Help your children arrange the geometrical shape cutouts to make a dinosaur with the pieces.

Fossil cookies

With your children's assistance, bake a batch of brown cookies looking like rocks and present them with dinosaur toys, giving a feel of excavation for dinosaur fossils.

Dinosaur sock puppet

Turn your old sock into dinosaur puppets by adding googly eyes and other details of a dinosaur.

Dinosaur eggs

As shown in the movies, try making a dinosaur egg using styrofoam and decorate and color it as you want..

Paper dinosaur mask

Draw and paint a dinosaur face on a paper plate and cut the nose and eyes to use it as a face mask.

Dinosaur handprint card

Help your children to handprint on paper or a card, and then draw a dinosaur image around it.

Dinosaur stick puppets

Make small paper cutouts of dinosaurs and stick them into sticks to have shadow play with them.
