

Animal Relay

Form two teams with children in both teams acting as different animals. When you say 'Go,' children behave like the animal they represent.

Safari Animal Scavenger Hunt

Hide different toy animals in the playing space. Call out the name of the missing animals and ask the children to retrieve them.

Animal Sounds

Randomly assign animal types to children. When you walk the room, children will make their assigned animal sounds and need to identify others making the same sound.

Frisbee Throw

Throw a small Frisbee at a large picture of any animal on the ground. The one whose frisbee goes closest to the picture is the winner.

Pet Show And Tell

Let children bring pictures of their favorite animals and tell stories about them. If they don't have pets, ask them to share their favorite stuffed animal.

Noah's Ark

Keep chits of paper with animal names. The children will pick a chit to see the animal they are and then try to find their partner by making their assigned animal sound.
