

Exciting FORT IDEAS For Your Children

Cardboard playhouse

- Take the large cardboard box and cut out a door and window on one of the sides.
- Align the flaps at the top to create a raised triangular roof and tape them together.
- Cut and fit a piece of cardboard paper on the sides of the raised triangular roof.
- Color the playhouse as per your child's wish!

Table blanket fort

- Put a large table against a sofa or a bed so that the fort stays enclosed on one side.
- Arrange the blanket and cushions between the legs of the table to make the base.
- Pick a large, heavy blanket and lay it on the top of the table to act as the ceiling.
- Decorate the fort with fairy lights and have a cozy time inside!

Cushion fort

- Arrange four cushions to form a large rectangle.
- Stack more cushions on the top of each of the four cushions to form four pillar-like structures.
- Cover these cushions and the joined furniture with a large comforter and voila your fort is ready!
