LONG-DISTANCE BIRTHDAY WISHES

FOR HIM

A warm birthday wish and loads of kisses from the best gift you will ever receive. That's me!

Choose number candles this time, my handsome hubby, or you will get tired of counting them.

Be careful not to melt the candles before lighting them, my hot boyfriend. Have a blast on your birthday.

Happy birthday to an amazing husband who has an even more amazing wife!

Went searching for the best birthday present for you, my love, only to realize that you already have me.
