

Tips For Choosing Appropriate And Safe TOYS FOR 16-MONTH-OLDS

Check the toy's label to see the age group and how to use it safely.

Choose big enough toys with large parts to avoid choking.

Pick good-quality stuffed toys with minimal or no decorative pieces, such as ribbons.

Look for well-built plastic toys of sturdy material.

Make sure the toys have no sharp edges or rough surfaces.

Look for interactive toys that can keep the child attentive.

Look for toys with assorted shapes and colors to stimulate vision development.
