

A Step-By-Step GUIDE • To Apply A • NO-LIGHT GEL POLISH

Step 1

Remove the old nail polish from your nails.

Step 2

Give yourself a manicure to clean the nails thoroughly.

Step 3

Glide a coat of the no-light gel polish from the cuticle to the tip of your nail.

Step 4

Allow it to air dry for at least ten minutes, and avoid using a blow dryer.

Step 5

Reapply another coat of nail polish and allow it to air dry.

Step 6

Apply a layer of transparent no-light gel nail paint for additional protection.
