

# Tips For applying Body Glitter

Apply base makeup to your face before applying the glitter.

Use a skin-friendly adhesive for applying the body glitter.

Alternatively, apply petroleum jelly to your body as a base for sticking the glitter.

Consider using hair gel to glue the glitter effectively on the body.

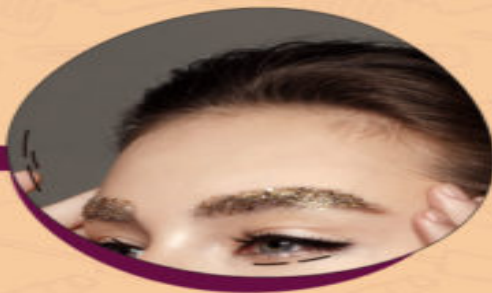

Opt for hand sanitizer as a non-sticky alternative to glue and petroleum jelly.

Apply the glue and glitter in a mess-free manner using a small makeup brush.

Repurpose eyelash glue to stick chunky sequins and jewels precisely.

Mix the glitter with hairspray in a cup, then use a spoolie to apply the glitter to the brows.

Mix fine glitter into your body mist or finishing spray for a shimmering effect.

Mix powdered glitter into body oil for an instant metallic shine all over the body.
