

## Stepwise Guide

### For Using

## Eye-Brightening Pencils

1

Select a shade that suits your skin type and tone.

2

Apply it after getting your face makeup done.

3

Start applying the pencil from the inside corner of the eye.

4

Apply a little at first and layer as per your need.

5

Apply it below the eyelids the same way you apply an eyeliner.

6

Use eyeliner above the brightening pencil for a more dramatic look.
