

Steps For Applying Shoe Polish – Like A Pro –

Start by removing the laces and brushing off any surface dirt.

Apply a thin layer of shoe polish and allow it to dry.

Buff with a light brush or cloth to create a subtle sheen.

Clean the welts with a brush or cloth and repair any scuffs with shoe cream.

Apply a wax polish using a brush or cloth, paying particular attention to the bumps.

Remove any excess wax polish with a brush or cloth using vigorous motions.

Apply small amounts of polish in small anti-clockwise circles with a cloth pulled tightly for a military shine.

For a final buff, remove any excess polish with a cloth.
