

Tips For Selecting A Toy Car For A One-Year-Old

Read the label to ensure picking car toys for their age range.

Choose cars with no small removable parts and sharp edges.

Look for lightweight cars with a sturdy build.

Choose creatively designed cars, such as those with attractive colors.

Consider pull-and-push cars since they are low maintenance.

Look for cars with music and lights if buying battery-operated ones.

Make sure the build material is non-toxic and phthalate-, BPA-, and lead-free.
