

# Steps Involved In Cleaning A Football Visor

## Step 1

Gently remove the visor from the helmet.

## Step 2

Create a soapy solution with liquid detergent and warm water.

## Step 3

Soak a clean microfiber in the soapy water and wring the excess water.

## Step 4

Clean the visor with the wet microfiber cloth, making straight and not circular strokes.

## Step 5

Repeat step 4 for the inner side of the visor.

## Step 6

Wipe both sides of the visor with a clean and dry microfiber cloth.

## Step 7

Let the visor air-dry for some time before reattaching it to the helmet.
