

Steps To Follow When Using A Dishwasher For Baby Bottles

Step 1:

Detach all the parts of the bottle.

Step 2:

Rinse all the parts thoroughly under running water.

Step 3:

Place the parts in the dishwasher.

Step 4:

If feasible, run the dishwasher with hot water or on hot settings.

Step 5:

Cleanse your hand with soap before extricating the bottle parts from the machine.

Step 6:

Let the parts air-dry on a clean cloth or paper towel.

Step 7:

Do not pat dry the parts to avoid germ transfer.

Step 8:

Store the parts in a dust-free and dirt-free place.
