

What To Do If Your Male Coworker Likes You

If you like them too

Agree to grab a coffee or a drink after work when they offer.

Take an active part in conversations to show interest.

Maintain professionalism if you are working in the same team and treat each other as you would treat other colleagues.

Catch up in breaks and try to learn more about them.

If you don't feel the same

Try to distance yourself without being rude.

Take up work activities in a group.

If they confess their feelings, decline politely by saying, "You're a great colleague, but I don't feel the same way."

Try not to accept work favors or gifts from them.
