

# Safety Tips

## To Follow With A Three-Wheeled Scooter

Ensure the child wears a well-fitted helmet.

Ensure additional safety by equipping your child with wrist, elbow, and knee guards.

Ensure the child learns to ride the scooter in a safe area first.

Avoid letting the child use the scooter near a public road.

Ensure adult supervision when the child is riding the scooter.

Make sure the child is well-versed in basic road rules.

When outdoors, dress the child in brightly colored clothes to ensure they are visible to passersby.

Discuss and warn the child of the potential dangers.
