

Tips To Keep Pests Away From Home

Always use covered trash cans, as the odor of garbage can attract pests.

Close the doors and seal open vents and fireplaces if you live in a rat-infested area.

Avoid keeping open feeding bowls for birds or other animals in the yard.

Trim the garden area at regular intervals to avoid pest infestation.

Take the help of a trap or bait to remove any pests that have entered the house.

Keep the home clean and clutter-free to keep the pests from making nests.
