

Make Your Baby Enjoy Bath —Time—

Play and sing along to a bath song of your choice.

Fill the tub with rubber toys of different colors or the ones your baby likes to play with.

Use an acrylic mirror to distract the baby and fixate their attention on their reflection.

Hop in and enjoy the bath together to help them feel safe.

Blow some bubbles around the tub, or have someone else do it while you bathe the baby.

Use props such as toy boats or fish and narrate stories to keep them entertained.
