

LEO AND PISCES CAN HAVE A STRONG *Relationship If...*

Both of them understand and respect each other's boundaries.

Leo stays calm and listens to Pisces, and Pisces understand Leo's emotions behind their strong expressions.

The relationship is mutually giving. Both need to give each other equal respect and care.

They have open communication before assuming and jumping to conclusions.

There is no room for ego. They need to accept their mistakes and acknowledge them.

Both of them accept their differences, and there is a mutual compromise.
