

# Tips To Organize A KITCHEN PANTRY CABINET

Place shelf liners in the cabinet to prevent utensil damage.

Store glasses in wire or acrylic trays to prevent tip-overs.

Avoid stacking glassware on top of each other to prevent scratches.

Wrap less frequently used crockery in bubble wrap for damage-free storage.

Avoid placing hard-anodized cookware on other metal utensils to prevent damage.

Deploy divided trays to store cutlery items systematically.

Use a lid organizer or holder to store plates and lids for easy access vertically.

Install an over-the-door organizer in the cabinet for frequently used utensils.
