

Storage Ideas For *Baby Shoes*

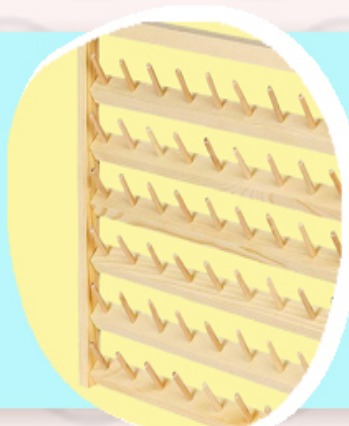

Use small plastic boxes to store baby shoes for air-tight protection individually.

Repurpose a sock drawer divider to store baby shoes neatly on a single shelf.

Repurpose a wall-mountable thread holder rack for easy access to hold the shoes.

Utilize an over-the-door organizer with small pockets for space-efficient shoe storage.

Store the shoes in fabric-lined hanging baskets to add to the nursery's aesthetics.

Stack the shoes on a tiered display stand for better visibility of all pairs.
