

Tips For Guiding A Child To Take Care Of Books

Teach the child to wash their hands before reading a book to keep it clean.

Train them to use a sponge damper pad instead of saliva to turn the pages.

Educate the child not to forcefully open the book flat at 180 degrees to preserve its binding.

Guide them not to use paper clips or dog-ear folds as bookmarks for the pages.

Do not allow them to drink or eat while reading books to prevent spills and stains.

Make sure the books are stored in a cool and dry place with adequate moth balls to avoid pests.
