

# Stepwise Guide

## To Teach Composting

### To Children

1

Teach them about different types of waste

Tell them about compostable and non-compostable wastes

2

3

Select the right place to make the compost bin

Prepare the ground for compost

4

5

Prepare the compost bin

Start filling the compost bin with relevant waste matter

6

7

Water the bin on time

Add waste to the bin daily and monitor the progress

8
