

Subtle Hints

THAT SHE IS THE ONE

For You

She is the first person you call whenever something great or sad happens.

Your friends love her and want you to include her in your gatherings.

The sexual attraction between you exists even when apart.

She has admirable values and is not afraid to express her thoughts.

She blends well with your family, and they welcome her with open arms.

You have similar interests, or despite having different interests, there is rarely any conflict.
