

Safety Tips

For Using A

Baby Bath Seat

Inspect the bath seat thoroughly for damages before using it.

Adhere to the usage guidelines prescribed by the manufacturer.

Utilize a bathtub-based seat only in the tub and never in the sink.

Use a sink bather only in the sink and never in the bathtub.

Avoid leaving the baby alone in the bath seat, even briefly.

Ensure not to allow another child in the bathtub while using the bath seat.

Do not lift the bath seat while the baby is seated in it.

Stop using the bath seat once the baby can stand up independently.
