

Steps To Follow When Using A Blackhead Scrub

Step 1

Wash your face with a mild face wash to clean your face.

Step 2

Dab your face with a towel gently only to remove excess water.

Step 3

On the damp face, gently massage the scrub in a circular motion.

Step 4

Avoid applying the scrub around the eyes to avoid irritation.

Step 5

Rinse your face thoroughly with water to cleanse your face.

Step 6

Pat dry your face using a clean towel to finish the scrubbing session.
