

Step-By-Step

Guide For Using A

Spray Paint

Step 1

Read the manufacturer's instructions before using spray paint.

Step 2

Set up your work in a well-ventilated area.

Step 3

Remove wrinkles by ironing the cloth you want to paint.

Step 4

Lay the fabric on a flat surface.

Step 5

Place cardboard underneath the fabric to prevent color bleeding.

Step 6

Cover the area where you don't want to paint.

Step 7

Spray the paint two to three inches from the fabric.

Step 8

Allow it to dry properly.
