

Tips To Follow When Using A STAPLE GUN

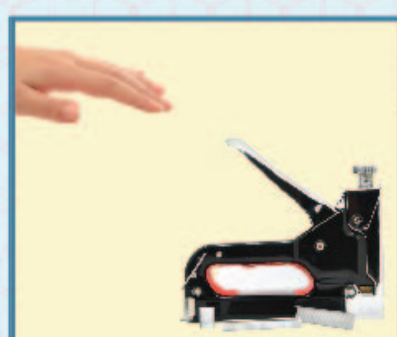

Safeguard your eyes with protective eyewear to avoid injury.

Always point the staple gun away from your body.

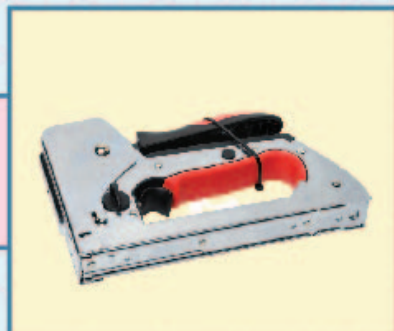

Remove the jammed staple pins using a staple pin remover.

Beginners should practice using the staple gun on a rough patch first.

Keep your hand away from the trigger when the gun is not in use.

Always enable the safety lock (if applicable) when not in use.

Keep your gun clean and free from rust, dust, dirt, and debris when storing it.

Remove the fasteners when storing the staple gun to prevent mishaps.
