

Five Ways Of Using A *White Eyeliner*

To Make The Eyes Look Bigger

Look 1:

Create a thick wingless line on and above the upper lash line.

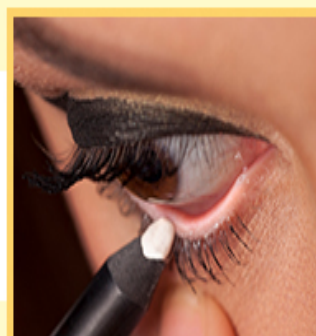

Look 2:

Create small flicks at the outer and inner corners of the eyes.

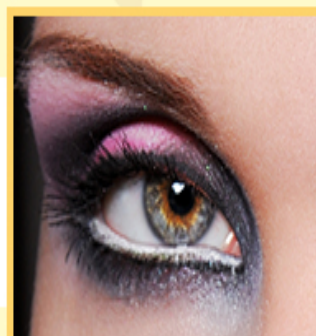

Look 3:

Create a wing with a black liner and apply the white eyeliner to the lower lash line.

Look 4:

Create a wing with a black line and add a thick white streak right above it.

Look 5:

Apply black eyeliner to the outer halves of the lower and upper lashlines, and follow with white liner on the lower waterline.
