

Safety Tips For Using Bounce Houses For Children

Adhere to the manufacturer's instructions for setup and usage.

Avoid using the bounce house on windy days.

Always ensure to anchor the house on a flat and even surface.

Avoid placing the house near trees, fences, and power lines.

Adhere to the maximum weight and occupancy limits.

Establish and communicate play rules to children before letting them in.

Ensure children do not carry objects, footwear, or gadgets inside the house.

Never leave the children unattended in the bounce house.
