

Tips For Using *Cuticle Removers*

Adhere to the manufacturer's instructions.

Remove nail polish before using cuticle removers.

Let the solution sit briefly to soften the cuticles, ensuring comfort.

Use the cuticle pusher at a 35 to 45-degree angle to gently slide back the cuticles.

Use cuticle removers only to trim or push back the cuticles.

Never remove the entire cuticle to avoid infections.

Avoid using cuticle removers on infected or tender nails.

Wash your hands after the trimming session to prevent cuticle remover poisoning.
