

Safety Tips For Using A • Push Walker

Ensure to use the push walker under adult supervision at all times.

Make sure the child uses the walker only on smooth and even surfaces.

Avoid using the walker on steep or inclined surfaces, such as driveways.

Do not encourage the child to use the walker on the road to avoid accidents.

Refrain from using the walker near the stairs.

Do not use the walker near the swimming pool.

Regularly check the walker for damage and loose parts to ensure timely repairs.

Stop using the walker when the child exceeds the maximum weight limit.
