

## Tips For Washing Or Cleaning A Beach Bag After A Trip

Check the manufacturer's washing instructions for the bag.

Dust the bag first to remove any loose sand.

Soak the bag in water to remove the remaining sand or other debris.

Check for the color fastness of the bag's materials before washing it.

Use a mild detergent to wash canvas or cotton beach bags.

Soak the mesh bags in mild detergent for cleaning.

Do not wash the straw-woven beach bags. Dust them and then wipe them clean with a wet cloth.

Thoroughly dry all the bags, irrespective of their material, before storing or reusing them.
