

# Instructions To Install Hook-On High Chairs

Slide the hook-on-chair  
onto the edge of the table.

Ensure the grip pads are  
resting on the table and the  
pegs are underneath it.

Adjust the high chair until  
the pegs are properly  
locked to the table.

Secure the pegs by  
locking the knobs tightly.

Crosscheck the chair lock  
by slightly pulling the  
chair with force.

Position your child in  
the chair.

Fasten the  
straps securely.
