

# Creative FIRE SAFETY CRAFT IDEAS

For Preschoolers

## Shapes Fire Truck

An interesting shapes learning activity where you can encourage children to draw a fire truck using different shapes.

## Exit Sign

While making an exit sign, you can teach children about its importance so they can recognize this sign in the time of emergency.

## Calling 911

While making this board, you can have children memorize this contact and teach them when and how to use this number.

## Palm Print Firemen

It is an interesting craft where children can imprint their hands on chart paper with red paint and draw firemen's faces on each imprint of a finger.

## Instruction Collage

A simple activity where you can encourage children to write different fire safety instructions on each sticky note to make a collage.

## Fireman's Helmet

A fun craft activity where the children can make their own toy firefighter helmet while learning about fire safety instructions.
