

MEASURES TO TAKE WHILE DOING YOUR

BABY'S LAUNDRY

Choose a mild wash detergent to avoid baby skin irritation.

1

2

Keep laundry products out of your baby's reach.

Use child locks in the washers and dryers to prevent babies from opening doors or crawling in.

3

4

Do not allow babies to play or lean on the doors of washers, as it may lead to tipping over.

Store the products in designated containers with the labels intact.

5

6

Make sure to keep spray bottles away from the baby's reach to prevent accidental poisoning.

After washing, lock the laundry room door to prevent the baby from entering.
