

Things **Older Women** Do When They Like You

| What | How |
|--------------------------|---|
| Body language cues | She smiles warmly, maintains physical proximity, and touches you in a friendly manner. |
| Making the first move | She will not hesitate to initiate a conversation or ask you out for a coffee. |
| Looking great | She will make an effort to look and smell good when you are around. |
| Asking opinion | She will ask for your opinion before making any decision. |
| Being protective | She takes a personal interest in your hobbies and goals and celebrates your achievements. |
| Taking personal interest | Finally, if she is jealous or overly protective towards you, she indeed likes you. |
