

# TIPS FOR WEARING A PURPLE LIPSTICK

Use a purple lipstick shade that blends well with your skin tone.

Choose a matte makeup look to enhance the prominence of the purple hue.

Keep your eye makeup neutral to balance out the boldness of your purple lipstick.

Apply minimal highlighter and bronzer to avoid overdoing the bold look.

Avoid using colors that contrast with purple in the rest of your makeup to prevent a clownish look.

Choose a voluminous hairstyle to complement the bold purple hue to create a balanced look.
